

PRESS RELEASE . 2nd Oct. 2012

“celebrating the golden age”

If some decor pieces are jewellery, then Boca do Lobo’s furniture is the crown jewel. Our talented designers and masterful artisans have launched highly desirable new statement pieces such as Fortuna dining table and Eden table that are jewellery for your home. This week we give you a Gold selection from across our collection. From one-of-a-kind folding screen to exquisite tables for your home, Gold will be the palette of choice for this season.

No colour expresses more power and luxury than Gold. This colour is the most sentimental accent pieces of the Limited Edition Collection like Gold Folding Screen and Millionaire safe-box. Gold is one of the colour themes that best represents the essence of empowerment, sophistication, mystics, and enticement, which is implicit in every single piece of our collections and strongly transmitted in our brand philosophy.

One simply does not buy any of these traces of character - they must be earned through presence, seduction and capture. And Boca do Lobo owns these every time someone falls in love with a piece from our collections; with every second, minute, and hour of attention that is dedicated to them.

Portuguese furniture brand Boca do Lobo symbolizes tendency, timelessness, quality and craftsmanship, and has developed into an internationally renowned designer label over the past years.

Boca do Lobo’s three collections result from years of continuous development and investment in the refinement of techniques and the expansion of functionality. The furniture is made at Boca do Lobo’s factory in Oporto, where furniture makers take great care to ensure aesthetic and functional applicability, paying close attention to traditional craftsmanship and quality. To ensure the best possible results, a great deal of the manufacturing is still done by hand. In this way, applying dedication and expertise, Boca do Lobo has been creating furniture

Invest in Gold and experience the sense of the regal that comes with it. It will always be classic and luxurious.
