*Boca do Lobo*

IS NOW AT THE WORLD'S MOST FAMOUS LUXURY DEPARTMENT STORE

## *Millionaire* SILVER SAFE BOX PRIVATE COLLECTION

We are delighted to announce that Boca do Lobo will be at Harrods from 6th February! Making its London debut, Boca Do Lobo is now one step closer to you. We are excited to show our collections in the most important luxury department store, showcasing the iconic and most exquisite pieces of the brand.

It is with great pride that we announce that from February 6th Boca do Lobo's handmade pieces can be appreciated live at Harrods Design Studio, right inside the world's most famous luxury department store.

This isn't the first time Boca do Lobo and Harrods work together. In 2005, the luxury brand was presented at the department store as part of an international design exhibition.

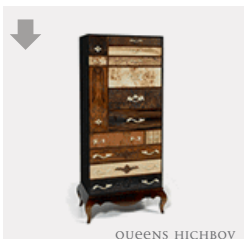

Now we return to Harrods for a long term partnership that will add the magic of exclusive design and strong emotions to Harrods Interior Design projects, something that can only be achieved through the work of talented young designers and skillful master artisans who bring timeless pieces of art to life through traditional manufacturing techniques.

we're expecting your visit!
