EDEN | CENTER TABLE

SOHO | SIDEBOARD

Soho gave name to one of Boca do Lobo's collections; this piece was also responsible for the first international steps of the brand. The sideboard was presented for the first time in London, one of the biggest and international stages of design. The attitude and irreverence reflected by this piece made it an iconic piece for our brand. Soho sideboard was never unnoticed in any part of the world.

EDEN | CENTER TABLE

The mystic behind the name inspires Eden. This center table represents a part of the tree of knowledge and the tale of the birth of desire. Boca do Lobo uses the highest quality materials and textures, giving them shapes through objects that create a cosmopolitan luxury environment, finding the finest example in this table. Fully made of polished casted brass, with a delicately engraved top exposing the heart of a golden tree to the very heart of a home. Available a set of two center tables and also an elegant and highly decorative side table.

TORTUGA | CHEST

Noble, elegant and bright, Tortuga is undeniably an outstanding design piece. It is a true celebration of the XXI century, faithful to modern materials and lines without forgetting a classic and elegant root. It was created in workshops where manual work always replies to very strict rules, and with a team of qualified craftsmen who strive for excellence.

RING | MIRROR

Like a jewel that reflects eternal beauty when it is contemplated, Ring is the mirror of the soul, which aspires to the sublime. Exploring the main function of a mirror, the richness of Ring lies within its reflection. Ring evokes an antique unreachable treasure that could only be found on the most remote place on Earth. Ring contains a mirror frame in black lacquered high gloss, with a minimalist line on the outside and another carved handmade on the inside.
