## THE *holiday* GIFT GUIDE

Christmas is all about love, confort and surprising our friends and family with gifts they absolutely will adore – their perfect match. Boca do Lobo prepared a gift guide full of luxury furniture design ideas for every type of person on your list- handcrafted pieces of furniture art made from the finest materials and with the most luxurious finishes.

### *Art lovers*

This is one of Boca do Lobo's newest creations. EDEN SERIES has already proven to be a big hit among art collectors because it makes a statement in any living room without dominating the whole space. It's a perfect piece for cosmopolitan luxury environments and can be arranged in any way the user needs or fancies! The gold plated finish adds an extra touch of exclusivity.

### *Cosmopolitan people*

This is one of Boca do Lobo's icons and the piece that triggered the brand's internationalization. SOHO SIDEBOARD was never unnoticed in any part of the world so it will be a hit among your friends and family. Drawers that count different and varied techniques from glass to wood, lacquer color to mirror and gold leaf compose the contemporary sideboard, finely refined by brass handles.

### *Design Lovers*

People who love design will certainly love this suspension lamp. NEWTON LAMP is composed by several discs made from brass and then gently covered by a golden mantle, a monumental piece which authenticates Boca do Lobo designers and artisans' work. Another handcrafted piece created for modern luxury design environments.

### *Music lovers*

This sideboard is for people who simply can't live without good music. SYMPHONY SIDEBOARD is a design piece so pleasing to the eyes as Mozart's compositions are for the ears. A cluster of polished brass tubes envelope an exotic wood structure, creating a harmonious artful juxtaposition of the pipes. This is an emotionally evocative furniture piece passionately inspired by music.

### *Exotic people*

Boca do Lobo's designers reinterpreted the outdoors and brought them inside through this amazing FOREST cabinet and the mind blowing expertise of the master artisans who work with them. This unique piece is made of wood, which is then layered with stainless steel and an overlay of a stylized black lacquer branch fretwork. The base is carved from mahogany and the interior is compartmentalized with angling shelves covered in gold leaf. A celebration of nature and, more importantly, the most exotic part of it.

### *History Lovers*

If you have anyone on your list that is mad about the richness of traditions and history, then you have just found the perfect gift for him/her. The person you will be presenting will be amazed by different tile paintings inspired in different periods of Portuguese history taken from different historic buildings like convents or old colleges. Inside, a gold leaf interior acts as a reminder of the heavily ornamented and golden interiors of those buildings. What we love about HERITAGE SIDEBOARD are the tiles that tell a fantastic tale.

### *Romantic people*

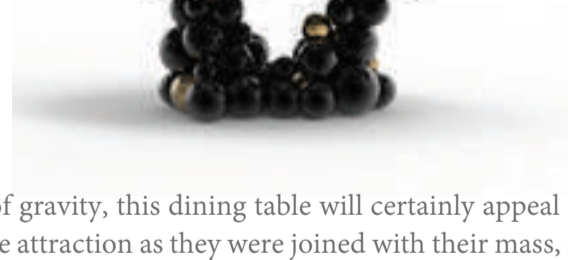

This is a large-scale wall mirror that will take away the breath of any woman on your list. MARIE THERESE represents Marie Antoinette's dynasty and true beauty is reflected in this mirror with a hand-carved-wood-frame, colored in bronze. You will be tempted to touch the sculptured frame to appreciate its beauty. Marie Thérèse embodies the quality and integrity of an original piece of art.

### *Money lovers*

Everyone has one in the family! Here is a true luxury gift, a safe box that tells a story about the gold it was born in the beginning of the 19th century, a safe box of bank robberies after the Gold Rush of 1849 and kept itself sacred to successive break-in attempts, remaining deformed forever.

### *Science lovers*

Inspired in Newton's law of gravity, this dining table will certainly appeal to the science lover in your gift list. It reflects the sphere attraction as they were joined with their mass, force and energy. This table is ideal for 8 to 10 people who will be amazed by this masterpiece.

### *Collectors*

This bookcase is perfect for collectors. Your friend or family member will be able to construct his/her own bookcase collecting parts of Boca do Lobo's collection he/she loves the most. It can be put against the wall or serve as a space divider, because drawers are double sided.

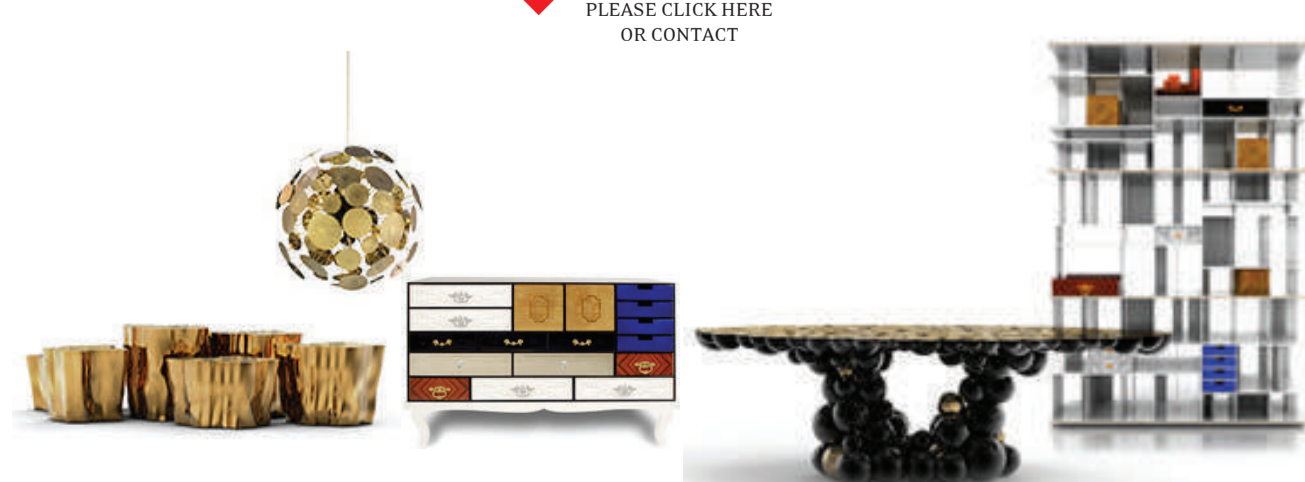

Be inspired by this Christmas gift guide. Choose the perfect match for every person on your list!

passion IS EVERYTHING!
